Professional Summary

Software engineering student with hands-on experience in full-stack web development using the MERN stack (MongoDB, Express.js, React, Node.js). Strong backend experience with Node.js and version control using Git/GitHub. Solved 300+ DSA problems, with a strong interest in problem-solving, competitive programming, and building production-ready solutions with real-world impact.

Technical Skills

- **Programming Languages:** C++, C, JavaScript, Java, SQL
- **Backend:** FastAPI, Node.js, Express.js
- **Frontend:** React.js, Tailwind CSS, HTML, Redux
- **Databases:** MySQL, MongoDB
- **Tools:** Git/GitHub, Postman

Projects

SOLVIX - AI powered coding platform

Nov 2025 - Dec 2025

- Built Solvix, an AI-powered coding platform with secure code execution, admin-driven challenge management, and role-based access control.
- Developed a full-stack architecture using React 19, Node.js, MongoDB, and Redis for scalability and high performance.
- Delivered an IDE-like learning experience with Monaco Editor, video solutions, activity tracking, and integrated AI assistance.

Chatio Live

aug 2025 - sept 2025

- Built a real-time collaboration and communication platform featuring messaging threads, reactions, polls, file sharing, and private channels.
- Integrated secure authentication and media features including Clerk auth, direct messaging, and 1-on-1/group video calls with screen sharing and recording.
- Ensured production-grade scalability and reliability using Stream, background jobs with Inngest, error monitoring via Sentry, and AI-assisted development with CodeRabbit.

Swiggy - food delivery app

Apr 2024 - May 2024

- Built a Swiggy-like food ordering application using real-time data from Swiggy's public APIs to display restaurants, menus, and pricing.
- Implemented dynamic UI and performance optimizations for seamless browsing, search, and restaurant filtering.

Education

B.Tech in Computer Science and Engineering

2023 - 2027

Birla Institute of Technology, Mesra CGPA: 8.10

Senior Secondary (Class XII), CBSE

2022

BNS DAV Public school, Giridih 92%

Matriculation (Class X), CBSE

2020

BNS DAV Public school, Giridih 86.4%

Certifications

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate

Expiration Date: Oct 2027

Credentials: [View Credential](#)

Oracle Cloud Infrastructure 2025 Certified Generative AI Professional

Expiration Date: Oct 2027

Credentials: [View Credential](#)
